

Call for *2014 Think Visegrad Fellowships*

Think Visegrad—V4 Think Tank Platform is inviting applications for fellowships for non-Visegrad expert fellows.

About: Think Visegrad is a think tank platform for structured dialogue on issues of strategic regional importance. The platform aims to analyze key issues for the Visegrad Group (Czech Republic, Hungary, Poland, Slovakia), and provides recommendations to the governments of Visegrad Group (V4) countries, the annual presidencies of the Group, and the International Visegrad Fund. In addition, Think Visegrad provides visiting fellowships to non-Visegrad expert fellows. Think Visegrad was established in 2012 by eight V4 think tanks with coordinating abilities. This so-called core network, however, remains open to cooperation with other think-tanks from all V4 countries. Think Visegrad is funded by the International Visegrad Fund.

Eight visiting fellowships will be available for Spring or Autumn of 2014. Each of the core network think tanks (see list below) will host one non-V4 expert fellow. Each selected visiting fellow will have the opportunity to take part in the institute's activities for a period of up to eight weeks. During this period, each fellow will be expected to develop a policy paper and deliver one public presentation on a pre-agreed topic. A lump sum of 3000 Euros will be given to each selected visiting fellow to cover all necessary costs and expenditures related to his or her stay at the hosting institute (e.g. lodging and local transport). Each fellow will also be responsible for paying all taxes and related fees, including health and social insurance, from this amount. Think Visegrad—V4 Think Tank Platform will cover the cost of travel to the hosting institute for the visiting fellow.

Topics: Fellowships are available in all areas of research in political science, international relations and economics. Chosen topics should complement the research focus of the hosting institute, and therefore the applicants are highly recommended to check the institute's website before submitting an application.

Duration: The duration of fellowships varies from 6 to 8 weeks (based on agreement with the hosting institute).
